

# Load Up the Bases (The Baseball Song)

## Whiskey Falls

Born with a baseball and a bat in his hand  
Daddy had him swinging from the time he could stand  
Out in the sandlot he was king at the plate  
He kept his eye on the ball and sealed the pitcher's fate  
And every time he'd stand on deck  
You'd hear him say Load up the bases, fire up the crowd  
Lets clear out the dugout, we're gonna get real loud  
Just throw me a fastball, smoke from the mound  
We're gonna end this thing with just one swing  
I'm gonna knock one out  
I'm gonna knock one out Now he's in the big leagues and his dad is in the stands  
He traded in the sandlot for a million fans  
Got his face on the big screen and his stats on a card  
And every time he's up at bat, the ball leaves the yard  
But in his heart it's still the same, man he loves this game He says load up the bases, fire up the crowd  
Lets clear out the dugout, we're gonna get real loud  
Just throw me a fastball, smoke from the mound  
We're gonna end this thing with just one swing  
I'm gonna knock one out  
I'm gonna knock one out Give me a game underneath the lights  
Give me the roar of the fans  
Give me the sound of the big bat swinging  
Give me a ring on my hand Give me a game underneath the lights  
Give me the roar of the fans  
Give me the sound of the big bat swinging  
Best of the best in the land (2 times) Just throw me a fastball, smoke from the mound  
We're gonna end this thing in just one swing  
I'm gonna knock one out  
I'm gonna knock one out
