

Move (Nickelodeon's Dance On Sunset Theme)

Menudo

You aint never heard nothing like this
Nah, never, nah, nah, never, never, never, nah, nah
You aint never felt no heat like this never
Nah, never, never, never, nah, nah, nah, nahMade you look when you heard this beat
When the hook drop everybody move their feet
Had the crowd full of people saying give me something new
And Menudo come with a remedy for youIf you tired of the same song, same hook, same look
Everybody playing with the same book
Get ready 'cuz your boys be ready
Maybe shes just scared, what we need alreadyNever know days, never know ways
You a never ever, ever felt heat like this
Never know days, never know ways
Aint no body never made you move like thisYou aint never heard nothing like this
