Move (Nickelodeon'Â's Dance On Sunset Theme)

Menudo

You aint never heard nothing like this

Nah, never, nah, nah, never, never, never, nah, nah

You aint never felt no heat like this never

Nah, never, never, never, nah, nah, nah, nahMade you look when you heard this beat

When the hook drop everybody move their feet

Had the crowd full of people saying give me something new

And Menudo come with a remedy for youIf you tired of the same song, same hook, same look

Everybody playing with the same book

Get ready 'cuz your boys be ready

Maybe shes just scared, what we need alreadyNever know days, never know ways

You a never ever, ever felt heat like this

Never know days, never know ways

Aint no body never made you move like this You aint never heard nothing like this

Nah, never, nah, nah, never, never, never, nah, nah

You aint never felt no heat like this

Nah, never, nah, never, nah, nah, never, never, nahYou aint never heard nothing like this

Move, move, move, move

Move, move, move, move Tell the DJ, turn that up

Hit the dancefloor where everybody tear that up

Hear the bass line blowing, make your body go jump

Hear the drum go thump with the background hummingDont it feel good? Dont you wish you could come?
