Alive

Ignite

So this it
We made it, starting over
Opportunities they've been knocking on our door
Very first time my hope it springs eternal
It's like this dream
That we've never had beforeI can't believe we made it hereNow I am alive
We're staying right here tonightSo now it seems
The worst is all behind us
This is a brand new world
We've never seen before
The golden state
Exactly what it should be
Just how we sacrificed
To be on her shores
I can't believe we made it hereNow i am alive
I'm staying right here tonight
We made it through the dark times
And found our way
A new lifetime
Now I am aliveThis place serenity
Not where we came from
The conflict and the pain
We ran from
Forever I believed
A black cloud followed
It won't be here
To darken our world
Now i am alive
I'm staying right here tonight
Now I am alive
We're staying right here tonight
We made it through the dark times
And found our way
A new lifetime
Now I am alive
