Herr Spiegelmann

Moonspell

Look Me in the eyes and drown...
"Everyone considered the man in the blue jacket
as the most beautiful being they have ever seen:
nuns saw on him the Messiah in flesh;
Satan's adores the lustrous Prince of Darkness;
philosophers the Supreme Being;
young females an enchanted prince;
Men an ideal reflection of themselves."
(Patrick Sskind: The Perfume ("Story Of An Assassin")
Look Me in the eyes and drown...
I am your vulture, your immortal sculpture
Mirrorman, who understands
I am you, I know you
Your fantasy and reality
I wait for you to welcome you in my dreamworld
My water-eyes
Look Me in the eyes
Touch me in the eyes and dream...
