

# My Stupid Mouth

[John Mayer](#)

My stupid mouth  
Has got me in trouble  
I said too much again  
To a date over dinner yesterday  
And I could see  
She was offended  
She said "well anyway"  
Just dying for a subject change

Oh, another social casualty  
Score one more for me  
How could I forget?  
Mama said "think before speaking"  
No filter in my head  
Oh, what's a boy to do  
I guess he better find one soon

We bit our lips  
She looked out the window  
Rolling tiny balls of napkin paper  
I played a quick game of chess with the salt and pepper shaker  
And I could see clearly  
An indelible line was drawn  
Between what was good, what just slipped out and what went wrong

Oh, the way she feels about me has changed  
Thanks for playing, try again.  
How could I forget?  
Mama said "think before speaking"  
No filter in my head  
Oh, what's a boy to do  
I guess he better find one

I'm never speaking up again  
It only hurts me  
I'd rather be a mystery  
Than she desert me

Oh I'm never speaking up again

Starting now

One more thing  
Why is it my fault?  
So maybe I try too hard  
But it's all because of this desire  
I just want to be liked  
I just want to be funny  
Looks like the jokes on me  
So call me captain backfire

I'm never speaking up again  
It only hurts me  
I'd rather be a mystery  
Than she desert me

Oh I'm never speaking up again  
Starting now
