Burn

Endo

She loves to die with me, she loves to feel empty
When we speak, words take us in beneath our makeup
Will we ever learn?
I just let it burn, just let it burnInside me, I've fallen, this world still keeps killing
Don't feed me your violence, just leave me in silence
Will we ever learn?
Oh yeah, I just let it burn, let it burnWill we ever learn?
I just let it burn
Will we ever learn?
Let it burnJust let it burn, let it burn
Let it burn, let it burn, let it
Oh yeah, will we ever learn?
Oh no, I just let it burn, just let it burn
