Winter Light

Tim Finn

It's always in the back of your mind
When everything is dark, still something shines
One chilly afternoon, you drew the blindThe earth was frozen
Ice upon the water
All at once you saw her
There in the Winter LightThen the light came bouncin' up, from stony ground
And deep within the earth you heard the sound
Breakin' like a rock you grew profoundThe earth was frozen
Ice upon the water
All at once you saw her
There in the Winter Light
There in the Winter Light
There in the Winter Light
Making everything look beautiful
