# Little Secret

## Nikki Yanofsky

Baby got a little secret
Everybody wanna hear
Put down that cell phone
And get your .. over hereAnd most girls so sugar
Baby got a different spice
Gonna serve it up real for ya
And make it niceSing oooh oooh oohoo yeah yeah yeah x2Baby got a little secret
Burning up inside
Get baby some water
'Cause it's gonna get hot tonightMama told me not to hurt
But daddy said that it's okay
Baby 's gonna need a little room child
Say what you came to sayDig in to that bad thing
Dig in to that wicked sway
Let me show you a new way
Gotta make you say
How did you do that? How did you do that?And my sweet spot
Make a move and never stop
Gonna give you what I got
Gonna make you say
How did you do that? How did you do that?Baby got a little secret
Baby got a different side
Baby gonna bring your house down
And leave you satisfiedI don't need permission
I won't be denied
I don't have to sell my soul
And make them to use it rightDig in to that bad thing
Dig in to that wicked sway
Let me show you a new way
Gotta make you say
How did you do that? How did you do that?And my sweet spot
Make a move and never stop
Gonna give you what I got
Gonna make you say
How did you do that? How did you do that?Oooh oooh oohoo yeah yeah yeah x2
Let me hear you sing
Oohoo oohooo uh uhu uh yeah
Oohoo oohooo
Ooh yeah yeah yeahDig in to that bad thing

Dig in to that wicked sway
Let me show you a new way
Gotta make you say
How did you do that? How did you do that?And my sweet spot
Make a move and never stop
Gonna give you what I got
Gonna make you say
How did you do that? How'd you dig into that bad thingDig into that, dig into that wicked sway
Let me show you a new way
That'll make you say
My sweet spot
Make a move and never stop
Gonna give you what I got
Gotta make you say
How did you do that? How did you do that?
Oohoo
How did you do that? How did you do that?
Yeah yeah
How did you do that? How did you do that?Baby got a little secret
