## Alkaline Trio

Sick i'm walking.  
tick. Im talking.  
Down the street and Im sick  
Of the talk of the trick thats every time we meet  
But.  
Oh, I dont know why. Oh, I don't know why.  
Blinking, thinking somethings moving 'cross my skin  
And I scratch the spot, I watch the dot, thats on the lens but  
Oh, I dont know why. Oh, I don't know why. Somethings closing in and I cant do a thing.  
No, I cant do a thing but wonder. He said Im crazy, I know.  
He said Im crazy, I know.  
All I can say is that the drugs dont work no more.  
(x4) My face is shaking,  
Knees are breaking,  
swallow this and for once Im mistaken  
The rules Ive been breaking, make you sick but  
Oh, I dont know why. Oh, I don't know why.  
My mind is in an oily state of screaming sin  
And the moment I want to relax is when the shit kicks in, but  
Oh, I dont know why. Oh, I don't know why. Now hes back again.  
And now hes brought a friend.  
And his friends brought a whole dark army. He said Im crazy, I know.  
He said Im crazy, I know  
All I can say is that the drugs dont work no more. (x3) He said I'm crazy, I know.  
He said I'm crazy, I know.  
All I can say is that the drugs don't work no..da da  
(x8) Sick of talking.  
Tick. Im tocking.  
Down the street and Im sick  
Of the talk of the trick thats every time we meet  
and Im sick  
Of the talk of the trick thats every time we meet  
and Ohh ohh ohh He said Im crazy, I know.  
He said Im crazy, I know  
All I can say is that the drugs dont work no more.  
(x3) He said Im crazy, I know.  
He said Im crazy, I know  
All I can say is that the drugs dont work no..Mooooore..
