

# Who (DJ Outrageous Remix)

## Janet Jackson

I love this

Oh my god

Oops

UhUh

Who

OopsChorus:

Who

Yeah who, I do

I be lovin' who

Yeah who

Ask who cares about you

I care about youMy love for you has got me goin' crazy

I thought we could possibly maybe

Get together and start something

No other person in this world

Could make me feel like a little shy girl

There's nothing I won't do for youBridge:

I'll comfort you, be kind to you

And I'll be strength to you

I'll sing to you, won't cling to you

In everything you do

I'll pamper you, won't hamper you

From all the things you wanna do

I'll care for you, make love to you

And I'll be good to you

I'll brighten you, enlighten you

With every silly mood

I'll fight for you, what's right for you

But all you really gotta know isChorusWhen I'm around you become such a mess

Your tongue is tied, your weak confess

And it makes my spirit fly every time

Your love for me, I don't wanna change

Even though you can do and say some crazy things

There's nothing in this I wouldn't do for youBridgeChorus (2x)BridgeChorus (3x (Bridge In Background  
Second Time))
