

Christmas Time

[Bryan Adams](#)

We waited all through the year
For the day to appear
We could be together in harmony You know the time will come
Peace on earth for everyone
And we can live forever
In a world where we are free
Let it shine for you and me There's something about Christmas time
Something about Christmas time
That makes you wish it was Christmas everyday To see the joy in the children's eyes
The way that the old folks smile
Says that Christmas will never go away We're all as one tonight
Makes no difference if you're black or white
'Cause we can sing together in harmony I know it's not too late
The world would be a better place
If we can keep the spirit
More than one day in the year
Send a message loud and clear There's something about Christmas time
Something about Christmas time
That makes you wish it was Christmas everyday To see the joy in the children's eyes
The way that the old folks smile
Says that Christmas will never go away It's the time of year when everyone's together
We'll celebrate here on Christmas day
When the ones you love are there
You can feel the magic in the air
You know it's everywhere There's something about Christmas time
That makes you wish it was Christmas every day To see the joy in the children's eyes
The way that the old folks smile
Says that Christmas will never go away There's something about Christmas time
Something about Christmas time
That makes you wish it was Christmas everyday To see the joy in the children's eyes
The way that the old folks smile
Says that Christmas will never go away Please tell me Christmas will never go away
