Safe Without

Interpol

I'm not the hero out the gates
So much to feel, so much to gain
My higher reason will take aim
I'll be okay, I've got my shapes
We are not alone we share our stake
I think the winter will be wonderful
I am safe without it
I am safe without it
I am safe without
I am safe without it
I am safe without it
I am safe without
Go alone, we'll skip the chase
It's go the road or drop the weight
There's no allegiance left to take
As great big sheets disintegrate
In the water, in the water
I am safe without it
I am safe without it
I am safe without
I am safe without it
I am safe without it
I am safe without
I am safe without it
I am safe without it
I am safe without
I am safe without it
I am safe without it
I am safe without
But I feel this way
Feel this way
I steal, I heal and I do it again
Over and over and over and over
