Tongues (feat. Kopps) (RAC Remix)

Joywave

Pick me up, dust me off
Give me breath, and let me cough
Drag me back, collect my thoughts
I've come back to the land I'd lostThe palms are down, I'm welcomed back to town
Sometimes I feel like they don't understand me
I hear their mouths making foreign sounds
Sometimes I think they're all just speaking tonguesTell me all the things I've missed
Who's been killed and who's been kissed
(Drag me back, collect my thoughts)
I'll be gone when the drugs wear offThe palms are down, I'm welcomed into town
Sometimes I feel like they don't understand me
I hear their mouths making foreign sounds
Sometimes you'd think they spoke another languageThe palms are down, I'm welcomed into town
Sometimes I feel like they don't understand me
I hear their mouths making foreign sounds
Sometimes I think they're all just speaking tonguesThey say I'm the only one, who can be brave
That I am the chosen one
But there's no way, that I am the only one
And there's no one to save
If there's nowhere for them to runThe palms are down, I'm welcomed into town
Sometimes I feel like they don't understand me
I hear their mouths making foreign sounds
Sometimes you'd think they spoke another languageThe palms are down, I'm welcomed into town
Sometimes I feel like they don't understand me
I hear their mouths making foreign sounds
Sometimes I thinkThey're all just speaking tongues
They're all just speaking tongues
They're all just speaking tongues
They're all just speaking tongues
They're all just speaking tongues
