Once a Liar (Always a Fake)

For All Those Sleeping

You'll never change
And you'll never change me.
I've waited so long to take you down.
Now we're face to face.You are a liar and fake
Nothing about you will ever change
Once a liar (always a fake)
Once a liar (always a fucking fake)Just wait for the day that you wake up all alone
And know you'll always beI never wanted anything more than all of you,
But I know you all to well, you only wanted to control me.
How did I think you were heaven?
When you put me through hell
(how did I think you were heaven
When you put me through hell?)
Once a liar (always a fake)
Once a liar always a fucking fakeThe door shuts between you
When will you let shit be?
And say goodnight!
Just wait for the day that you wake up all alone
And know you'll always be!I never wanted anything more than all of you,
But I know you all to well,
You only wanted to control me.
How did I think you were heaven?
When you put me through hell
You'll never change
And you'll never change meI've waited so long to take you down
Now we're face to face
I never wanted anything more than all of you,
But I know you all to well, you only wanted to control me.
How did I think you were heaven?
When you put me through hell
You are everything I hate
How can you tell what's right for someone? if you don't know yourself!
I won't let you bury me (bury me)
'Cause I won't ever let myself become that way!
