

Carousel

Michael Jackson

She's from a world
Of popcorn and candy
Pony rides for a dime
Little children laughing I'm from a world
Of disappointments and confusions
But I want her to be mine I started talking
She kept on walking
She disappeared into the crowd, oh I lost my heart
On the carousel
To a circus girl
Who left my heart in pieces Lost my heart
On the carousel
To a circus girl
Who ran away Two different people in love for an instant
They say that the circus came today
Sometimes I can hear the calliope
And I can hear her calling me (I lost my heart)
Lost my heart
(On the carousel)
Lost my girl
(To a circus girl)
Who ran away I lost
(Lost my heart)
I lost my girl
(On the carousel)
(To a circus girl)
