Going Out

The Perishers

Im wasting my time
Im spending my days
Losing my mind
Losing my wayI stumbled across
Your name in a song
Thinking of us
Made the day twice as longTonight Im going out
To find someone
I cant stand to live without
Im going outIm wasting my time
Im spending my days
Losing my mind
Losing my wayI stumbled across
Your song in my mind
It got me thinking again
Im wasting my timeTonight Im going out
To find someone
I cant stand to live withoutIm going out
To find someone
I cant stand to live without
Im going outWell be as happy
As can be
Ill love her endlessly
This time itll be for real, yeahWell have what
We could never have
Do what we could never do
I just wish she could be youTonight Im going out
To find someone
I cant stand to live without
Im going outTonight Im going out
To find someone
I cant stand to live without
Im going out
