

# Poor Man Style

## Barrington Levy

I open my business place  
To make living for my wife and my child  
But every time I open the shop  
Its always break down  
My granny eat it out my momma eat it out due to the sufferation  
Ive got to make life some other way  
My granny is crying my brother is crying Thats a poor man style  
Thats a poor man life  
Thats the poor man style  
Poor man style hear me brother sit down in my home I roast breadfruit  
I hear news flash saying they killed two youths  
Thats the poor man style  
Thats the poor man style Couldnt get no sugar but jah jah give me power  
Thats the poor man style  
Couldnt get no flour but jah jah give me power  
but jah poor man style  
Couldnt get no oil me have to walk couple mile  
Thats the poor man style  
Couldnt get no sugar what a great booga wooga  
its the poor man style Dont know why whoo Thats the poor man style  
But jah gonna open a way for me  
No man dont get too jumpy  
Every man got their time  
No matter what the price is  
matter what the cost  
We got to make it  
No matter what they say we gotta make it today  
No matter what they say weve got make it Sit down in my home me a roast a breadfruit  
I hear the news flash say they kill them killas said them killas said them kill two youths  
Oh jah, take a little peek thru my fence see them lie down  
Its its the poor man style  
Oh no oh no Couldnt get no sugar what a great booga wooga  
In the poor man style  
Couldnt get no flour but jah jah give me power  
In the poor man style  
Couldnt get no oil me have to walk couple mile  
In the poor man style  
Girl wants these shoes in the poor man style  
Jah knows ive got some of faith
