

I Need a Forest Fire (feat. Bon Iver)

James Blake

[Intro]

(Another shade, another shadow)[Chorus: Justin Vernon]

To burn it like cedar

I request another dream

I need a forest fire

To burn it like cedar

I request another dream

I need a forest fire[Verse: James Blake]

I'm saved by nature

But it always forgets what I need

I hope you'll stop me before I build a wall around me

We need a forest fire

We need a forest fire

We need a forest fire

We need a forest fire[Verse: Justin Vernon]

You're thicker than you think

You know that money bought your name

Caution, swelling, can I repay you with some blame?[Chorus: Justin Vernon and James Blake]

To burn it like cedar

I request another dream

I need a forest fire

To burn it like cedar

I request another dream

I need a forest fire

To burn it like cedar

I request another dream

I need a forest fire[Outro: James Blake]

Stop

Stop before I build a wall around me

Stop before I build a wall around me

Stop before I build a wall around me
