

Carolina (The Golden Echo)

[Kimbra](#)

Wanna ride to Carolina
Drive for miles to see the Lina
Find my feet in Carolina
Some man I'll meet, to take my mind off You!
You! My heart's on fire, but Carolina
Never been but, see the skyline
Meet a porn star, from Delilah
She's got it made now, got my mind off You! But in my heart knows it's time to come back
(I feel it, now I feel it)
'Cause you're the home, I never find off the beaten track
(Now I feel it, now I feel it)
And in my heart, I know I can't keep running away
(Now I feel it, now I feel it)
I'm always traveling fast to nowhere (now I feel it) You!
You! You're given new life in Carolina
I don't know why, but I'll soon find out
Find a house with an ocean view
Work it out and be somebody new But in my heart knows it's time to come back
(I feel it, now I feel it)
'Cause you're the home, I never find off the beaten track
(Now I feel it)
And in my heart, I know I can't keep running away
(Now I feel it, now I feel it)
I'm always traveling fast to nowhere (now I feel it) You!
You!
