

# Little Remedy

Sandi Thom

Some things are meant to be the way they're gonna be  
'Cos you can't stop time or change history  
Sometimes all you saw were the things you wanted to see  
If you were lookin' for the answer, you would have to go to me  
'Cos now you've only got a moment, boy  
To get it right, to get it right, to get it right, to get it right  
'Cos if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
'Cos if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Some things in this life, they just pass you by  
But they're gone forever in the blink of an eye  
This time you gotta do what you always had to do  
So open up your heart and show me that you're true  
'Cos now you've only got a moment, boy  
To get it right, to get it right, to get it right, to get it right  
'Cos if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Oh, if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Just now the minutes keep ticking past  
And if you think that our love's gonna last, yeah  
Now you've only got a moment, boy  
To get it right, to get it right, to get it right, to get it right  
'Cos if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Oh, if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Oh, if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
Oh, if you really wanted me you'd show me how  
'Cos I'm your little remedy if you take me now  
If you take me now  
If you take me now  
If you take me now  
So take me now
