

# Everybody Knows That You're Insane

## Queens of the Stone Age

You wanna know why you feel so hollow?  
Because you are  
You're missing out?  
Well if you say so  
Then you're missing outEverybody knows that you're insane  
Everybody knows that you're insaneYou wanna know  
Just how long you can hide from  
What you are?  
Not very longI have been lost  
Down every road I follow  
Out in the dark  
On my way homeEverybody knows that you're insane  
Everybody knows that you're insane  
Everybody knows that you're insane  
Everybody knows that you're insaneBut I feel nothing, am I better yet  
But I feel nothing, am I better yet  
But I feel nothing, am I better yet  
But I feel nothing, am I better yetEverybody knows that you are insane  
Everybody knows that you are insane  
Everybody knows that you are insane  
Everybody knows that you are insane
