

# Homonovus

## Speedy Ortiz

[Verse 1]

Underwire undermines

Your ability to clear with your bare eyes

Hiders who seek

Magic abounding in housemaking fantasies[Verse 2]

Ability's what makes the beast

An animal you claim for your own cage

They hide and we seek

Magic abounding, thus letting them stand on our feet[Chorus] x2

Honestly, you're bad at it, I like you anyway

Rolling with pulled punches and tepid identities

Excuse me, Miss Lady

Won't you excuse me this morphism?[Bridge]

And I'll be better than I was alone

And you'll be better than you were alone

Isn't it a charmed life

Grinning under harsh light?
