

# King Without a Crown

## Matisyahu

I said, You're all that I have and you're all that I need"  
Each and every day I pray to get to know you please  
I want to be close to you, yes, I'm so hungry  
You're like water for my soul when it gets thirsty Without you there's no me, you're the air that I breathe  
Sometimes the world is dark and I just can't see  
With these demons surround all around to bring me down to negativity  
But I believe, yes I believe, I said, I believe I'll stand on my own two feet, won't be brought down on one knee  
I'll fight with all of my might and get these demons to flee  
Hashem's rays fire blaze burn bright and I believe  
Hashem's rays fire blaze burn bright and I believe Out of darkness comes light, a twilight unto the heights  
Crown heights burnin' up all through the twilight  
Said, "I thank you" to my God, now I finally got it right  
And I'll fight with all of my heart and all my soul and all my might What's this feeling? My love will rip a hole  
in the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Moshiach now, so it's time we start revealing What's this feeling? My love will rip a hole in the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Moshiach now Strip away the layers and reveal your soul  
You got to give yourself up and then you become whole  
You're a slave to yourself and you don't even know  
You want to live the fast life but your brain moves slow If you're trying to stay high, then you're bound to stay  
low  
You want God but you can't deflate your ego  
If you're already there, then there's nowhere to go  
If you're cup's already full, then it's bound to overflow If you're drowning out in the waters and you can't stay  
afloat  
Ask Hashem for mercy and he'll throw you a rope  
You're looking for help from God, you say he couldn't be found  
Searching up in the sky and looking beneath the ground A king without his crown, you keep fallin' down  
You really want to live but can't get rid of your frown  
Try reach unto heights and wound bound down on the ground  
Given up your pride, then you heard a sound  
Out of light comes day, out of day comes light  
Nullified to the one light sunlight in a ray Makin' room for his love and a fire gone blaze  
Makin' room for his love and a fire gone blaze Say what's this feeling? My love will rip a hole in the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing

I want Moshiach now, and it's time we start revealing  
Say what's this feeling? My love will rip a hole in the  
ceiling

I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Moshiach now So I look to the sky, where my help comes from

An' I see it circling around the mountains  
Thunder! You feel it in your chest  
You keep my mind at ease and my soul at rest, you're not vexed  
I look to the sky, where my help comes from  
An' I see it circling around the mountains  
Thunder! You feel it in your chest  
You keep my mind at ease and my soul at rest, you're not vexed
