Rock My Life

Jeanette

Better be my lover
wanna see no other
underneath my cover
here in my bed
you are such a wild guy
you`re the one `cause I
absolutely not shy
can't by me loveAn'I say-I want you to freshen up my mind
Come baby,come baby,rock my life
so I pray-that you will be there to spend the timecome baby,you're maybe on my side
I hope you're never fadin'-right
I want your sex tonight
come baby-no lady-rock my life
I'm ready now to have the final drive
now there will be no slowin' down
you got my lovin' goin'
I'll fulfill your dreams,my boy-all nightCan you make me scream again tonightWanna see you movin'
gonna make me groovin'
my head tonight
gotta show some rockin'
surely will be losin'
there won't be no stoppin'
an' I'll get your knockin'
on heavens door
so I pray-that you will be there to spend the timeAn' I say-I want you to freshen up my mindCome baby,come baby,rock my life
come baby,you're maybe on my side
I want your sex tonight
you got my lovin' goin'
I hope you're never fadin'-right
come baby-no lady-rock my life
I'm ready now to have the final drive
now there will be no slowin' down
