The Curse

Nural

How long until I find the strength
To lift this lover's curse
'Cause in my head its surfaced
But otherwise unearthedAnd superstitions got me thinking
When will it all end?
I wish this curse on no oneWhen she walks inside my world youll know it
Call me crazy if I try
Youre prob'ly rightWhen she walks inside my world youll know it
Call me crazy if I try,
'Cause I know youre right
When she walks insideAnd I wait until I find the strength
To break this lovers curse
'Cause in my head its ruptured
But clearly never burstAnd you wont find
My cure anytime soon
So let these days be numberedWhen she walks inside my world youll know it
Call me crazy if I try
Youre prob'ly rightWhen she walks inside my world youll know it
Call me crazy if I try,
'Cause I know youre right
(2x)
You're right
When she walks insideHow long until I find the strength
To lift this lover's curse?
'Cause in my head its surfaced
In my head its surfaced
(3x)Then she walked inside
(Then she walked inside my world)
Then she walked inside, yeah
(2x)
