

# Slo-Mo-Tion

## Marilyn Manson

Youve got your  
Hells teeth  
smiling at you.  
It keeps your brain safe,  
as it all eats at your face  
And dont worry,  
well blur it out  
and no one  
ever will know,  
oh  
no, oh oh oh  
This is my beautiful show  
and everything is shot  
in slo-motion  
This is my beautiful show  
and everything is shot  
in slo-motion  
SLO-MO-TION  
Pump in the laughter  
of dead-audience applause  
and TEENAGE RAPE candidates  
I think we got ourselves  
a real hit  
Dont we wish  
that we could feel something  
more than  
hate and morbid panic  
morbidity  
hate and morbid panic  
This is my beautiful show  
and everything is shot  
in slo-motion  
This is my beautiful show  
and everything is shot  
in slo-motion  
SLO-MO-TION  
Im the host with Vaseline  
I hide behind bulletproof glass  
and I can feel your tits

with my brand new camera  
(equipped with a flash)  
fast-food-nude  
I hate you all  
but somehow  
you find me  
incredibly charming  
This is my beautiful show  
and everything is shot  
in slo-motion  
(incredibly charming)  
This is my beautiful show  
and everything is shot  
in slo-motion  
SLO-MO-TION  
(incredibly charming)  
SLO-MO-TION  
(incredibly charming)  
This is my beautiful show  
and everything is shot  
in slo-motion
