Mama Africa

Chico CÃ©sar

So much, so much love, so much
So tell me can you feel it
So much, so much, yeah, so much
Ya know make that visit
So much, so much love, so much
Senegal can you feel it
So much, so much, yeah, so muchSo much love to share, pure blackness, oneness so rare
So much love to care, let them know they're missin' out Mama Africa
Has so much love to share, sweet blackness, oneness, meet me there
So much love to care, let them know they're missin' out, sing againA, this is for all the love and the life took away
F, don't forget we were born in trade
R, are ripped from the land and shipped away
I, is the inspiration we used to survive
C, have to see it with your own cries
Don't play add it up and alrightStill you don't know, land is so gold and green
The place is so fresh and clean and everyday I water my garden
Tell me if you feel it deep in your heart in
The space is so cool and nice, visit once, guaranteed to visit twice
And if you just believe in the most high, I know you'll be alrightMama Africa has so much love to share
Pure blackness, oneness so rare
So much love to care, and let them know they're missin' out
Mama Africa has so much love to share
Sweet blackness, oneness, meet me there
So much love to care, let them know they're missin' out, sing againA, that's my favorite place when I need to get away
F, must forget but we can't forget to pray
R, like Lance ridin' on the runway
I, in my homeland and I'm feelin' so alive
C, hear me chant Africa unite
A, gonna accept mass alrightStill ya don't know, skin is so dark and brown
She lifts me right off the ground
But no ya not gonna see it on ya TV so just listen up and believe me
Her trees have the only cure, her love is so and pure
Had to kiss them troubles goodbye bye, no I don't have to likeMama Africa you got so much love to share
Pure blackness, oneness so rare
So much love to care, let them know they're missin' out
Mama Africa so much love to share, sweet blackness, oneness be there
So much love to care, let them know they're missin' out, Mama AfricaSo much, so much love, so much

So tell me can you feel it
So much, so much, yeah, so much
Ya know make that visit
So much, so much love, so much
Senegal can you feel it
So much, so much, yeah, so muchSo much love to share, I just can't see how we livin' without it
So much love to care, don't miss, don't miss one moment about it
So much love to share, resist this bliss, oh, I really doubt it
So much love to share, so much loveSo much love to share, ooh yeah, pure blackness, oneness so rare
So much love to care, let them know they're missin' out
Feelin' it all the time
So much love to share, sweet blackness, oneness meet me there
So much love to share, let them know they're missin' out, sing again
