

Like I Wish I'd Lived

Greater Vision

May I be so honest?
Could I share from my heart?
You see Iâ€™m so far from perfect
That today I bear the scars
There is no one here among us
Who doesnâ€™t live without regrets
So may we use the pain behind us
To walk in victory up ahead

Lord, help me to live like I wish Iâ€™d lived in the past
May I stay in the way of the narrow and free of regret
And may I surrender whatever is holding me back
Lord, help me to live like I wish Iâ€™d lived in the past

Each dayâ€™s another journey
With choices I must make
There are two roads before me
But only one that I must take
So help me walk the path thatâ€™s holy
Help me choose what is right
May I leave a testimony
That is pleasing in Your sight

Lord, help me to live like I wish Iâ€™d lived in the past
May I stay in the way of the narrow and free of regret
And may I surrender whatever is holding me back
Lord, help me to live like I wish Iâ€™d lived in the past
