

Travellin' Man Remix (Featuring DJ Honda)

Mos Def

Memories don't live like people do
They always remember you
Whether things are good or bad, its just the memories
Memories don't live like people do-o
Baby don't forget me, I'm a travellin' man
Movin' through places, space and time
Gotta lotta things I got to do
God willin' I'm comin' back to you
My baby boo I'm a travellin' man
Movin' through places, space and time (space and time)
Gotta lotta things I got to do
But God willin' I'm comin' back to you
Baby boo
I'm leavin' Well go 'head and leave
The call heard 'round the world from the wives of MC's
These cats is payin' more than half a pound
My garment bag I snatch it down
Ain't got the state but we could prob'ly run a blacker town
Scenarios like this is tear jerkers
For the modern MC ie. the blue collar worker
'Cuz this thing called rhymin' no different from coal minin'
We both on assignment to unearth a diamond
When you start climbin'
And them eyes start shinin'
You be strugglin' and strivin'
And they think you prime-timin'
Maintain and keep silent make note and observation
This confrontation
This is the daily operation
A concentration
Stay focused on my recitation
'Bout to reach my destination with no pause or hesitation
Baby make the preperation 'cuz this ain't no recreation
This is Pro Ball!
And we lettin' you know y'all
At the show y'all
Doin' this for dough y'all
Get the phone call
And I'm ready to blow y'all
'Bout to go y'all

Been a pleasure to know y'all
 And I'm lettin' you know that Memories don't live like people do
 They always remember you
 Wether things are good or bad, its just the memories Memories don't live like people do-o
 Baby don't forget me, I'm a travellin' man
 Movin' through places, space and time
 Gotta lotta things I got to do
 God willin' I'm comin' back to you
 My baby boo I'm a travellin' man
 Movin' through places, space and time (space and time)
 Gotta lotta things I got to do
 But inshallah I'm comin' back to you
 Baby boo
 I'm leavin' But God willin' I'll be back home
 To drop these heavy ass bags up off my backbone
 Around the world with a catalog of rap songs
 My baby girl is walkin', been away for that long
 But no you haven't well at least that's how it seem to me
 My home town is like a whole different scenery
 The old timers on the stoop leaning leisurely
 The new jacks up in the park smokin' greenery
 Easily taken for granted when you up in it but its sweet scented
 When you been down for a minute
 Move around city limits
 Break it down with the vintage
 The innovative
 Classical B-Boy image
 Collect the winnin's
 'Cause that's the reason that we came here
 This thing is not a game here
 The fortune not the fame here
 From New York to the Cakalaks
 Cali in the Cadillacs
 Chicago know we innovate
 Infiltrate Virginia State
 DC make me stimulate
 Philly know we penetrate
 Georgia make us generate
 Let's set a date to get the pace
 They celebrate to my jams in foreign lands
 Even your mans in Japan know who I am
 Minasan, make everybody out in Nippon
 Say ichiban, make yard man know where ya getti from ??
 Phenomenon, 'scuse me that's a phone call
 Its the show y'all

Tryin' to get this dough y'all
'Bout to blow y'all
Been a pleasure to know y'all
And I'm lettin' you know
Memories don't live like people do-o
Baby don't forget me, I'm a travellin' man
Movin' through places, space and time
Gotta lotta things I got to do
But inshallah I'm comin' back to you
My baby boo I'm a travellin' man
Movin through places, space and time (space and time)
Gotta lotta things I got to do
But GOD willin' I'm comin' back to you
Back to you I'm leavin'!
I'll be back to you
I'm leavin'
I'll be back to you All over the world we go
DC all over the world we go
VA all over the world we go
The Cakalaks all over the world we go
London all over the world we go
Japan we go over the world we go
Paris we go over the world we go 1-2, 1-2...All aboard!
