

Funny Face

The Muffs

Sitting back and doing nothing
I could hate you
I don't think I will If you ever see me anywhere
And you know me
Please walk away Funny face
Why do you look after me?
Funny face
Why do you care? Doing everything I wanna do
Maybe someday
You will be there I thought we would always get along
I like everyone
They all hate me Funny face
What's wrong with you anyway?
Funny face
Why do I care? You want everything from me
But you won't get it
I did everything I could
But now, I'll just forget it Funny face
What's wrong with you anyway?
Funny face
Why do I care?
