Hurting

Friendly Fires

I can feel in my body Chains on me are breaking loose I can feel in my body Standing tall I make the movesWith the sun kissing my face There's no way that I can loseAnd the thing that I Crave your embrace You're the one that's being youI hear you say I can't let you leave my life like this I hear you say Don't leave, don't leave, don't leaveEither way that I Can't keep feeling the pain of your touch Your touch keeps on hurtingEither way that I Can't keep feeling the pain of your touch Your touch keeps on hurtingGotta let this go Gotta feel some more on my own Your touch keeps on hurtin'Gotta let this go Gotta feel some more on my own Your touch keeps on hurtin'I can feel in my body Free from all the things you wear I can feel in my body Shows me the way, show me the wayI hear you say I can't let you leave my life like this I hear you say Don't leave, don't leave, don't leaveEither way that I Can't keep feeling the pain of your touch Your touch keeps on hurtingEither way that I Can't keep feeling the pain of your touch Your touch keeps on hurtingGotta let this go Gotta feel some more on my own Your touch keeps on hurtin'Gotta let this go Gotta feel some more on my own Your touch keeps on hurtin'Hurting this way Hurting this way Hurting this way Hurting this wayHurting this way Hurting this way Hurting this way

Hurting this way
Hurting this wayEither way that I
Can't keep feeling the pain of your touch
Your touch keeps on hurtingEither way that I
Can't keep feeling the pain of your touch
Your touch keeps on hurtingGotta let this go
Gotta feel some more on my own
Your touch keeps on hurtin'Gotta let this go
Gotta feel some more on my own
Your touch keeps on hurtin'
