We're Not Having Any Fun

Lola Ray

Tonight you will call out my name
And you will see my lungs expand
With me you'll have no reservations
And you will call my name again
So open up your body
Lay me on the floor
I wish that you were watching
I wish you wanted more
'cause no one's ever touched me
Like the way you do
No one's ever owned me
Nobody but you
So open up your body
'cause we're not having any fun
'cause we're not having any fun
And i will heed your every word
Blind you with my brilliant tongue
You'll forget your favorite colors
And you will call my name again
So open up your body
Lay me on the floor
I wish that you were watching
I wish you wanted more
No one's ever touched me
Like the way you do

No one's ever owned me
Nobody but you
So open up your body
'cause we're not having any fun
We're not having any fun [x2]
No, we're not having any fun
Open up your body
Lay me on the floor
Wish that you were watching
Wish you wanted more
'cause no one's ever touched me
Like the way you do
No one's ever owned me

Nobody but you
Open up your body
Lay me on the floor
I wish that you were watching
I wish you wanted more
'cause no one's ever touched me
No one's ever known
The beauty that's my body
Nobody but you
Open up your body
'cause we're not having any fun
We're not having any fun [x3]
