

I'll Never Drop My Sword

The Drums

I wish your mind
Was more like your heart
Nailed shut
Looking back,
Can't remember
To much love Now when I fall down
When I get weak
When I grow tired
I'll never drop my sword Tell me,
A sadder story
So I can fall asleep
The right way,
If I knew the right way
Well we wouldn't be, here Now when I fall down
When I get weak
When I grow tired
I'll never drop my sword Do you think Jesus loves me
Can I go home again I'm a boy
