

Cast Thy Bread Upon the Waters

Red Sovine

O Cast thy bread upon the waters
Teach Us Lord to trust thy ways
O Cast thy bread upon the waters,
Thou shalt find it after many days

You must give love away to keep it
Love thy neighbor He demands
You must give love away to keep it
Love thy brother He commands

O Cast thy bread upon the waters
Teach Us Lord to trust thy ways
O Cast thy bread upon the waters,
Thou shalt find it after many days

If you want to take it with you
Never mind what people say
If you want to take it with you
You must first give it away

O Cast thy bread upon the waters
Teach Us Lord to trust thy ways
O Cast thy bread upon the waters,
Thou shalt find it after many days

Now don't go and hide your talents
You must use them for the Lord
Now don't go and hide your talents
Or you can't expect rewards

O Cast thy bread upon the waters
Teach Us Lord to trust thy ways
O Cast thy bread upon the waters,
Thou shalt find it after many days
