

Dimes For Nickels

JD McPherson

I've been trading up dimes for nickels over you
My golden years keep on slippin out of view
From rocking nights to working days
From Cadillacs to Chevrolets
trading up dimes for nickels over you From a long gold chain and my Chippendale rocker
A Sauvignon blanc and a Black Johnny Walker
A two night job and a side-track bummin
A lot of hard work to keep a satisfying a woman I've been trading up dimes for nickels over you
My golden years keep on slippin out of view
From rocking nights to working days
From Cadillacs to Chevrolets
trading up dimes for nickels over you Well Two-timing Sally took my time
And Evil Annie took my soul
But If you don't keep your hands outta my back pocket
You're gonna take all of my dough I've trading up dimes for nickels over you
My golden years keep on slippin out of view
From rocking nights to working days
From Cadillacs to Chevrolets
trading up dimes for nickels over you Well Two-timing Sally took my time
And Evil Annie took my soul
But If you don't keep your hands outta my back pocket
You're gonna take all of my dough I've trading up dimes for nickels over you
My golden years keep on slippin out of view
From rocking nights to working days
From Cadillacs to Chevrolets
trading up dimes for nickels over you
I've trading up dimes for nickels over you
