Inevitable

Amparo Velasco "La Negra"

It's not the right time, that's what you say but you're wrong
I'm impatient 'cause I know what I want
I can't wait around 'til you're done
I know she's tall and blond but I know I'm the one
You're in love with me, you just don't know it yet
Everyone sees it but you won't admit
That you're already in too deep and there's no going back, no
How much longer are you gonna hide?
Make up your mind or you'll run out of time
I know that she's beautiful but our love's inevitable
You say don't ask me about her, that's the rule
It drives me crazy, just the thought of her under you
Why don't you tell her about me? Tell her the truth
It would make things a whole lot easier for me and you
You're in love with me, you just don't know it yet
Everyone sees it but you won't admit
That you're already in too deep and there's no going back, no
How much longer are you gonna hide?
Make up your mind or you'll run out of time
I know that she's beautiful but our love's inevitable
Like the night turns to day and like a storm brings the rain
Oh baby, it's inevitable
It's just a matter of time until you and I will be together
'Cause you're in love with me, you just don't know it yet
Everyone sees it but you won't admit
That you're already in too deep and there's no going back
You're in love with me, you just don't know it yet
Everyone sees it but you won't admit
That you're already in too deep and there's no going back
How much longer are you gonna hide?
Make up your mind or you'll run out of time
I know that she's beautiful but our love's inevitable
