

Every Day Is Christmas (feat. Colbie Caillat)

Straight No Chaser

January always brought me down
All the magic of December
Is like a circus leaving town
And all I wanna do is to follow it around
'Cause everybody wishes it was Christmas all year 'round
To wake up every morning
With a present in my bed
That's how I've been feeling
Since the moment we first met
And I don't need the snow to fall
And I don't need the lights to shine
And I don't need the mistletoe
'Cause I'll still kiss you all the time
We don't have to take a sleigh ride
For our hearts to race inside
And I still get just as excited
When we go to sleep at night
Every day is Christmas as long as
Every day you are mine
Spring is coming but the air is chilled
It reminds me of the winter fires we would always build
Hiding from the cold is always warmer in your arms
Whenever you are kissing me, it's Christmas in my heart
I don't need the snow to fall
And I don't need the lights to shine
And I don't need a mistletoe
'Cause I'll still kiss you all the time
We don't have to take a sleigh ride
For our hearts to race inside
And I still get just as excited
When we go to sleep at night
Every day is Christmas as long as
Every day you are mine
Are we dreaming?
(Dreaming, dreaming)
I believe it
(I believe it)
Now January doesn't bring me down
'Cause the magic of December is always here
When you're around
We don't need the snow to fall
We don't need the lights to shine
We don't need a mistletoe
'Cause we'll be kissing all the time
We don't have to take a sleigh ride
For our hearts to race inside
We still get just as excited
When we go to sleep at night
Every day is Christmas as long as

Every day you are mine
