

The Way You Touch Me

Enrique Iglesias

Touch me
It's the way you touch
Oh feel it yea, oh feel it yea I was alone, waiting with my fantasies
Until you came, liberated me
And taught me so much about humanity
Yea yea yea I needed you to know
You're more than just a one night stand
And girl with your permission
Maybe you can give me your hand
Not your romance 'Cause it's the way you touch me baby
Oh it's the way you touch me baby
If you want we can talk, all night long
But it's the way you touch me baby I was alone, grasping for my sanity
You beauty came free of vanity
Opened my mind, gave me your anatomy
Yea yea yea I needed you to know
More than just a one night stand
I need some supervision
Losing all control of my hands
In your command 'Cause it's the way you touch me baby
Oh it's the way you touch me baby
If you want we can talk, all night long
But it's the way you touch me baby
(Come on baby, oh oh yea)
(Oh baby) You should really know
You've got me eating from your hand
And the ship is gonna blow
And baby it ain't not going end
Till your coming (It's the way you touch)
'Cause it's the way you touch me baby
Oh it's the way you touch me baby
If you want we can talk, all night long
It's the way you touch me baby
It's the way you touch me baby
It's the way you touch me baby
If you want we can talk, all night long
But it's the way you touch me baby
It's the way you touch me baby
It's the way you touch me baby

If you want we can talk, all night long
But it's the way you touch me baby
It's the way you touch me baby
It's the way you touch me baby
