See Me

[Alyssa Reid](#)

(Verse)
Hold on your feet land, like did I misread it?
Just said why'd you been needing me? Said no you don't see it
I'm trying to stop you from leaving but if you stop you could see it
Oh I'm impatiently waiting, faded baby say you need it(Pre-Chorus)
All we had
It was all wrong, now it's all gone
All we had
We can't get it back(Chorus)
What if I changed for you?
Then will you see me?
Still with you
Would you love me if I'd
Oh no, oh no
Cover up the real me
And what if I changed for you?
Would you still see me?Oh no, oh no
Gimme yeah, gimme yeah yea yea yea
Oh no, oh no
Gimme yeah, gimme yeah yea yea yea(Verse)
If I go your way, do whatever you say
If I give up the good good, if I could would we be okay
I'll be down with it every day, I swear I can make you stay
Don't tell me we're not okay
Baby say this ain't the world(Pre-Chorus)
All we had
It was all wrong, now it's all gone
All we had
We can't get it back(Chorus)
What if I changed for you?
Then will you see me?
Still with you
Would you love me if I'd
Oh no, oh no
Cover up the real me
And what if I changed for you?
Would you still see me?Oh no, oh no
Gimme yeah, gimme yeah yea yea yea
Oh no, oh no

Gimme yeah, gimme yeah yea yea yea(Bridge)
Give me fire, give me rain
I'll be waiting with my arms wide open
Give me truth, give me pain
I can love you even when you're brokenI'll give it to you
Give all I am for you
What if I changed for you?(Chorus)
What if I changed for you?
Then will you see me?
Still with you
Would you love me if I'd
Oh no, oh no
Cover up the real me
And what if I changed for you?
Would you still see me?
