I Will Be Me

Ashley Tisdale

Yeahh...
It keeps playing in my head
Won't stop fallin'
Things were done and words were said
That won't stop hauntin' me
I could choose not to forgive
And lose my innoncence
Face the fate of those who live
In foolish confidenence
[Chorus]Who I am where I stand
I will be me
This I know for sure
I'll still believe
When there's darkness at my door
I'm holding on
To the fire burning, deep inside of me
Yeahh...
In this crazy, mixed up world
You know it's hard to hold your ground
Never know which way to lead
I've stumbled and I've found
I'm chasin' deamons in my head
And they keep winnin'
Leaves me reachin' for the thread
OF a new beginning

[Chorus]Who I am where I stand
I will be me
This I know for sure
I'll still believe
When there's darkness at my door
I'm holding on
To the fire burning, deep inside of me
I've got a long long way to go (way to go)
But the one thing that I know is
I will be me
This I know for sure
I'll still believe
Yeah, yeah

I will be me
This I know for sure
I'll still believe
When there's darkness at my door
I'm holding, I'm holding on
To the fire burning, deep inside of me
Nanananana, Nanananana, Nanananana, Ohhhhhh
(The fire burning, deep inside of me)
Nanananana, Nanananana, Nanananana
