Retaliator

Scar Symmetry

Behold essence of unearthly
Holographic entity
Shape shifting being within me
Defying the eyesI emerge from within
Cold blooded design
Rising terror
Towards mankindRetaliator
Retaliation's coming
Retaliator
Inter dimensionalBeyond five sense reality
Reptilian frequency
Temples and shrines that you see here
Were built in my nameI shall bring the end
To all of your kind
Faithful servants
Prepare to be devouredRetaliator
Retaliation's coming
Retaliator
Inter dimensionalPrime desecrator
Fall to the new world order
Death generator
Servants and fiends alikeYour prevailing reality defines me
As any folklore beingPrime desecrator
Fall to the new world order
Death generator
Servants and fiends alikeYour revelation or your damnation
Either way I bring you deathPrime desecrator
Fall to the new world order
Death generator
Servants and fiends alike
