

# Retaliator

## Scar Symmetry

Behold essence of unearthly  
Holographic entity  
Shape shifting being within me  
Defying the eyes I emerge from within  
Cold blooded design  
Rising terror  
Towards mankind Retaliator  
Retaliation's coming  
Retaliator  
Inter dimensional Beyond five sense reality  
Reptilian frequency  
Temples and shrines that you see here  
Were built in my name I shall bring the end  
To all of your kind  
Faithful servants  
Prepare to be devoured Retaliator  
Retaliation's coming  
Retaliator  
Inter dimensional Prime desecrator  
Fall to the new world order  
Death generator  
Servants and fiends alike Your prevailing reality defines me  
As any folklore being Prime desecrator  
Fall to the new world order  
Death generator  
Servants and fiends alike Your revelation or your damnation  
Either way I bring you death Prime desecrator  
Fall to the new world order  
Death generator  
Servants and fiends alike
