

# Cannibal (2011)

## Reel Big Fish

I've got the brains  
You're the body  
And you're in my sights  
I've a got a new set of problems  
How to get you alone tonight  
My head keeps revolving  
I work so hard just to get a bite[Chorus]  
Cannibal  
Cannibal  
Cannibal, Cannibal, Cannibal  
Cannibal, oh, oh  
Cannibal Back to the game  
To the subject  
Sustenance is at stake  
There's no accounting for taste  
You've got yours, I'll get mine  
I'll love you in my own way  
And everything will be just fine[Chorus] You've got a new set of problems  
It's not your fault this time  
Don't take this personally Cannibal, oh, oh  
Cannibal, oh, oh[Chorus]
