Giant Steps

Beth Duncan

Scat opening

Days when we were young
playing games outside was fun
you and I
on a swing
flying high
in the sky
giant

life when we were kids
was like playing giant steps
we were told
to advance
we obeyed
took the chance
You're it

Think of life as chess
capture one piece at a time
forward east
cancel next
not the pace
but the steps
check mate
