

# Alright, Okay, You Win

## Peggy Lee

Well alright, OK, you win  
I'm in love with you  
Well alright, OK, you win  
Baby, what can I do?

I'll do anything you say  
It's just got to be that way

Well alright, OK, you win  
I'm in love with you  
Well alright, OK, you win  
Baby, what can I do?

Anything you say, I'll do  
As long as it's me and you

All that I am asking  
All I want from you  
Just love me like I love you  
And it won't be hard to do

Well alright, OK, you win  
I'm in love with you  
Well alright, OK, you win  
Baby, what can I do?

I'll do anything you say  
It's just got to be that way

All that I am asking  
All I want from you is  
Just love me like I love you  
And it won't be hard to do

Well alright, OK, you win  
I'm in love with you  
Well alright, OK, you win  
Baby, one thing more

If you're going to be my man

Sweet baby, take me by the hand

Well alright, OK, you win

I'm in love with you

Well alright, OK, you win

Baby, one thing more

If you're going to be my man

Sweet baby, take me by the hand

Well alright, OK, you win!
