Stand Back

Stephanie Mills

When I first met you, baby
You were like a star in my night
Reaching down to rescue me
You took me on a flightThen you tried to put your change on me
Tellin' me what I shouldnt do
Shadowing my every move
I cant escape from youStand back
Give me room to move in
If you want my time
Ooh, you better stand back
Better keep your distance
Can you read my mind?Treat me like a lady is
But dont you cramp my style
Ive got to live my own life too
To make it worth my whileWhen I step out in the evening
I cant tell you when Ill return
Im the pilot of my destiny
Its something youve got to knowSo stand back
Give me room to move in
If you want my time
Ooh, you better stand back
Better keep your distance
Can you read my mind?Im not saying, I dont need your love
Keep me satisfied, yeah
Im just like any other girl
I can share my heart only if you treat me rightWhoa, oh, yeah
My love, ooh
Oh, oh, ohStand back
Give me room to move in
If you want my time
You better stand back
Oh, better keep your distance
Can you read my mind, ooh(Stand back)
Give me room to move in, oh, oh,
If you want my time, oh, oh, oh, oh
(Stand back)
Better keep your distance
Can you read my mind? Ooh, ooh, ohWhy dont you
(Stand back)

Give me room to move in
If you want my time, oh, oh, oh
(Stand back)
Better keep your distance, oh
Can you read my mind, yeah, yeah, yeah, yeah(Stand back)
Oh, oh, oh, oh, ooh
(Stand back)
Ooh, ho, oh
(Stand back)
Oh, ooh, oh, ooh(Stand back)
Ooh, ooh, oh, hoo
(Stand back)
Oh, hoo, hoo, oh, oh, ooh, ooh
(Stand back)
Oh, ho, hoo, oh, ho, hoo(Stand back)
Oh, ho, ooh, hoo, hoo, hoo, oh, ooh
(Stand back)
Oh, oh, oh, ooh, ooh, oh
Why dont you stand back
