My People My People

Chris Phillips

My people my people
Aboriginal people
Don't forget what we're fighting for
We're the original people
Of this land
Broo haa Chii, custodians
My people my people
Aboriginal people across the land
Don't forget what we're fighting for

They took us away from family
Set us up on mission camps
They sent us off to prison then
Saying this is best for your welfare

My people my people
Aboriginal people
Don't forget what we're fighting for
We're the original people
Of the land
Broo haa Chii, custodians
My people my people
Aboriginal people across the land
Don't forget what we're fighting for

Our whole world has come so far
Fightin' thru the government laws
Cos they been denyin' us 4 so long
All our legendary dances
And our cultural songs

My people my people
Aboriginal people
Don't forget what we're fighting for
We're the original people
Of the land
Broo haa Chii
Custodians
My people my people
Aboriginal people across this land

Don't forget what we're fighting for

Our children is our future
Nothin'll deny us to our next
generation
They'll keep us strong to linger on
With our legendary dancers & our cultural songs

My people my people
Aboriginal people
Don't forget what we're fighting for
We're the original people
Of this land
Broo haa Chii
custodians
My people my people
Aboriginal people across this land
Don't forget what we're fighting for

Yeah...
Don't forget what we're fighting for
