

# Someone Out There

## Cowboy Junkies

Someone out there kneeling  
No one out there listening  
But what I want to know  
Before you save my soul  
Is who gave this power  
To that fucker up there?  
Someone out there crying  
Someone out here waiting  
But what I want to know  
Before you save my soul  
Is who gave this power  
To that fucker up there?
