

# Abandon Ship (BBC Punk Session)

## Gallows

Mayday Mayday  
The captain lost control again  
The fucking ship is breaking up  
We're going down in flamesMayday Mayday  
Man overboard again  
The sharks already circling  
They only eat the brave  
The SS death lost everything  
No-one here can fucking swim  
So baby baby hold me tight  
While I drown myself in you tonightMayday Mayday  
The ship has hit the rocks again  
This isn't going to fucking work  
We're heading to our gravesMayday Mayday  
The captain's lost his way  
We're sinking in the river sticks  
No-one can escape
